R. J. Bloomfield and family were here from Dexter today.

Notice of Removal.

I have moved my tailor shop from the rear of The Wigwam to 118 South Main where I will be pleased to see all my old customers and my share of new ones. My phone number is now 104. I am prepared to give the best of service and also do cleaning and pressing in the most approved manner.—F. A. Mueller, The Tailor. 88tf.

In District Court Today.

District court was occupied Tuesday with the trial of the suit of C. M. Dodson against the Eastern Railroad of New Mexico, a damage suit that resulted in a mistrial last term. John Neal,

who has been in jail two weeks, acting strangely, was given a hearing on a charge of insanity. No decision was given in either of these cases at four o'clock.

A CAR FROM ROSWELL TO THE IRRIGATION CONGRESS

The letter below has been received by Mayor Richardson and speaks for itself. An effort will be made to carry out the suggestion and send a full car from Roswell. For further details consult Mayor Richardson. The letter follows:

Albuquerque, N. M., June 12, 1909.
Hon. G. A. Richardson,
Roswell, N. M.

Dear Mr. Richardson:

Referring to your letter of June 10: We have not yet received the rate for our special train to Spokane but expect it in a few days when I expect to get out a circular letter to all the people interested describing the trip in detail. In the meantime it is the intention to run a six car train from Albuquerque first to Spokane, for the irrigation congress, using the train there as sleeping quarters, since accommodations in Spokane are likely to be scarce; then running it to Seattle to the exposition where the party will break up, the members returning home whenever and by whatever route desired. Ladies are desired in the party and of the forty or more thus far on the list some twelve are ladies, wives of the members. We expect a rate a little less than the regular round trip rate which will be in force to the Northwest during the exposition period. The date of leaving Albuquerque will probably be about August 4th.

Of the six cars making up the train which will also have diner and baggage car, one will be from El Paso, another from Las Cruces, Silver City and Deming, a third from Santa Fe and Las Vegas, a car of Albuquerque people and we count on filling the

rest of the cars from the balance of the territory. If you could fill a car in Roswell and Pecos valley points it could be delivered to you at Roswell and attached to the train here and I have no doubt you could get a car rate to Albuquerque—or the special rate to Spokane out of Roswell instead of out of Albuquerque.

I will give you definite information about the rate time of leaving, etc., as soon as possible and in the mean

time will be glad to write to any one who is interested. The names of those who want to go should be filed here as quickly as possible as we want to see that every one on the train is a regularly accredited delegate to the congress.

Yours very truly,
H. B. HENING,
Secty. Bureau of Immigration.

Best Legal Blanks, Record Office.

No. 408. Like cut, Tan and Gun Metal, Price \$4.00.

The kind of shoe the up-to-the-minute man wants.

HONEST SHOES!

THE SENATE FINANCE COMMITTEE PLAYING POLITICS.

Washington, June 15.—That the senate committee has been playing a game of "petty politics," was today definitely charged by Senator Burkett, of Nebraska. This assertion was made in connection with the report reducing the number of cigars which may be imported annually from the Philippines to the United States free, from 150,000,000 to 70,000,000. He asserted the change was made after an early morning committee meeting on the representation of Bulkeley, of Conn., with whose state the free importation of tobacco would conflict.

LaFollette had previously presented an amendment reducing the number to 75,000,000 and after the further reduction, he said he felt now that he might have been successful had the number been reduced to 60,000,000. Burkett declared the action of the finance committee was petty politics and he would aid to oppose it.

Washington, June 15.—The Philippine tariff was again before the senate today. Senator Buckley, of Conn., said that with respect to the admission of tobacco from the islands, that the inhabitants there should be taught to raise better tobacco and a market would create itself and this means that congressional aid is not necessary. He offered an amendment providing that 300,000 gross tons of wrapper and filled tobacco to be admitted free to the United States from the Philippines, should be "unstemmed," also that the number of cigars to be admitted free should be seventy millions instead of one hundred and fifty millions and the amount of filler tobacco to be free should be reduced from one and a half million pounds to one million. Senator Aldrich, for the finance committee, accepted the amendments. Senator Borah this morning expressed himself as in favor of an independent government for the Philippines. He said he proposed to cast his vote for "loosening the bands which tie the Filipino people to the United States government." This declaration aroused immediate attention. He said he knew his view was opposed to that of the President, nevertheless he believed it his duty to prepare the Filipinos for self government.

ORCHESTRAL CONCERT BIG MUSICAL SUCCESS.

Those who failed to attend the concert given by the Cook orchestra, assisted by Mrs. Fred R. Jolly, soprano, and the Ladies' Glee Club, at the S. M. E. church on Monday evening, missed one of the musical treats of the season. The concert throughout was of rare excellence. Too much can scarcely be said in commendation of the orchestral part of the entertainment, both in the execution and the grade of music rendered. Mr. Cook showed excellent taste in his selections, combining a high class of music and also that which was pleasing to all. The difficult music so splendidly executed, testified to careful training and artistic ability on the part of all members.

Mrs. Jolly received a hearty welcome in this, her first appearance before a Roswell audience, and delighted her hearers. Perhaps in no selection was she heard to better advantage than in "Dainty Rose," a composition by R. A. A. Chase, who accompanied her with rare sympathy and skill.

The Ladies' Glee Club under the direction of Mrs. J. T. McClure scored another success in their rendition of "Greetings to Spring."

Altogether the concert was one thoroughly enjoyed by all. Although the attendance was fair, it was not nearly what it should have been.

The members of the Ladies' Glee Club are Mesdames W. S. Murrell, Roy H. Daniel, John T. McClure, S. P. Johnson, Wheeler, Frank Pearce and B. D. Garner; and Miss Nellie Mason.

The Cook orchestra was composed of Mr. Cook, violin; Miss Mathey Matheny, violin; George Hinson, flute; C. A. Norvell, cornet; Roscoe Brown, clarinet, and Lester C. Nealey, piano.

STUDEBAKER USED ALL OVER THE WORLD

For More Than Fifty Years

Studebaker Wagons and Carriages have been known the world over as the best that skill and honest work can produce. They have this reputation simply because they deserve it. They are built with exceptional care, from the pick of the world's best materials, in the largest and best equipped vehicle factory in the world. "The Lodge" at Cloudcroft Burned
Cloudcroft, June 14.—The Lodge, the principal hotel of the resort, was burned to the ground last night. Much of the furniture was saved and there was little individual loss to the guests. The building is a total ruin and will not be rebuilt this summer. The fire started around the chimney of the fireplace.

Lovely Girl is Press Agent.

Detroit, Mich., June 15.—Michigan is by all odds the greatest and most glorious state in all Uncle Sam's dominions. Its climate is perfect, its health conditions superior and its soil productive beyond the dreams of avarice. In Michigan, life is one grand, sweet song, without a flaw or blemish to mar the mighty anthem of thanksgiving in which its citizens daily join. All this on the authority of Miss Nellie Revell, who today assumed her duties as the duly organized press agent of this most marvelous commonwealth.

When Miss Revell got "on the job" of booming Michigan today, she established a precedent. This is the first time in history that any state

has employed a press agent, and the first time a woman has ever been employed to undertake so big a task at so large a salary. (This, also, on the authority of Miss Revell who is not overlooking anything.) Readers of papers throughout the middle West may expect to find many columns of stories setting forth the glories of Michigan for Miss Revell expects to call upon many of the editors in person, and she is fair to look upon and has a persuasive voice.

Five years ago Nellie Revell was comparatively an obscure vaudeville performer. She had been a press agent for a circus, and had been a protegee of the late P. T. Barnum. She wrote a monologue and applied for a position on the vaudeville stage. There she soon became a headliner, and her work attracted wide attention.

The next heard of this indomitable little woman she was writing brilliant paragraphs and entertaining stories for a great theatrical publication, and the next heard of her she had been retained as press agent for the Olympic Music Hall in Chicago, at the largest salary ever paid for a publicity promoter in that city.
